---

In the session 2023-24, Following are some Short-term and long term Institutional Perspective Plans which would be completed by this college in near future.

### **Short-term Institutional Perspective Plans -:**

1. **Infrastructure Enhancement:** Renovate classrooms and laboratories with modern facilities.
2. **ICT Integration:** Upgrade teaching-learning processes by incorporating smart classrooms and digital tools.
3. **Skill Development Programs:** Introduce short-term vocational and certificate courses for employability.
4. **Stakeholder Feedback System:** Implement a mechanism to regularly gather and act on feedback from students, parents, and faculty.
5. **Faculty Development:** Conduct workshops and training programs for capacity building and updated pedagogical practices.

### **Long-term Institutional Perspective Plans -:**

1. **Research and Innovation Hub:** Establish dedicated research centres and promote collaborative research projects.
2. **Sustainable Campus Development:** Implement green initiatives like solar energy, rainwater harvesting, and waste management systems.
3. **Curriculum Enhancement:** Develop interdisciplinary programs and industry-linked courses.
4. **Institutional Accreditation and Rankings:** Achieve higher NAAC grades and improve national and international rankings.
5. **Community Engagement:** Strengthen extension activities to address local community challenges and promote inclusive development.
