

## **Best practice II**

### **Fostering Women's Empowerment: A pathway to Equality and Progress**

#### **Objective:**

Women are considered as a unique power and potential resource for social, cultural & economic development. So, Empowerment of Women is pre-requisite to fulfill the purpose.

#### **Context:**

Education is the most critical instrument in empowering women with skill and knowledge, giving them access to employment in future. Education further influences women empowerment as it creates in them awareness, capabilities, choices and opportunities which is crucial for the economic growth, social prosperity and sustainable development. Education proves to be a milestone of women empowerment because it enables them to respond to the challenges to confront their traditional role and change their lives for betterment.

#### **Practice:**

The college organizes various women-oriented programs to instill confidence in them. Various eminent women personalities are invited for the guidance on several issues. Special health related workshops, seminars and health checkup camps are organized where in Doctors from Govt. as well as private Hospitals do the needful. Various skill development programs like Beauty Parlor etc. are organized. International Women's Day is celebrated with felicitations of successful women in their respective fields. Students are encouraged and motivated to participate in various cultural as well as sports competition at University, District and Division level.

#### **Success:**

The Institute provides an opportunity for the rural students to exhibit their talents and encourages them for their bright future. The strength of our students is continuously growing day by day.

#### **Problem:**

Students may not be aware of the resources and support available to them. There may not be enough measures to ensure female students' safety and security.
